Preliminary Plan Guidelines and Checklist

Concept Review: Concept review must be completed no more than 6 months preceding preliminary application.

Meeting Schedules

Planning Commission- 1st and 3rd Tuesday of each month

City Council- 2nd Tuesday business meeting, 4th Tuesday work session meeting

The Community Development Department shall schedule a public hearing within a reasonable time in light of the complexity of the application, the number of other applications received available staff resources, and applicable public notice requirements. Such notice shall be given in accordance with SCC 10.20.050. The Community Development Director shall, if a complete application is **not** so submitted in a timely manner, postpone scheduling a public hearing for consideration thereof until complete. Applicant, or qualified representative, shall attend all public meetings held by Planning Commission and City Council regarding the proposed Subdivision

Public Notice Mailing List

The applicant must obtain a notification list of all owners of real property located within 300 feet of the subject property boundary from the Davis County Recorder's office located at 61 S Main Street, Farmington 84025. Please have the Excel file format list emailed directly to planning@syracuseut.com.

Preliminary Plan Requirements

- 3 sets @ 22"x34" and 1 set @ 11"x17",
- PDF copy emailed or submitted on CD

All drawings shall be prepared by a civil engineer licensed to practice in the state of Utah and comply with the requirements of the Syracuse City Municipal Code Title VIII and X. Please visit www.syracuseut.com to view the municipal code.

Required General Information

- The proposed name of the subdivision.
- The location of the subdivision, including the address of the section, township and range.

- Date of preparation.
- The location of the nearest bench mark and monument.
- The boundary of the proposed subdivision.
- Legal description of the subdivision and acreage included.
- Location, width and name of existing streets within 200 feet of the subdivision and of all prior platted streets and other public ways, railroad and utilities rights-of-way, parks and other public open spaces, permanent buildings and structures, houses or permanent easements, and section and corporate lines within and adjacent to the tract.
- Easements for water, sewer, drainage, utility lines, fencing, and other appropriate purposes.
- The layout, number, area, and typical dimensions of lots, streets, and utilities.
- Parcels of land intended to be dedicated or temporarily reserved for public use or set aside for use of property owners in a subdivision including, but not limited to, sites to be reserved or dedicated for parks, playgrounds, schools or other public uses.
- Current inset City map showing location of subdivision.
- Boundary lines of adjacent tracts of undivided land showing ownership.
- Location of all wells, proposed, active and abandoned, and of all reservoirs within the tract and to a distance of at least 100 feet beyond the tract boundaries.
- Existing sewers, field drains, water mains, culverts or other underground facilities within the tract and to a distance of at least 100 feet beyond the tract boundaries, indicating pipe size, grades, manholes and exact location.
- Existing ditches, canals, natural drainage channels, open waterways, and proposed alignments within the tract and to a distance of at least 100 feet beyond the tract boundaries.
- Contours at two-foot intervals for predominate ground slopes within the subdivision between level and ten percent, and five-foot contours for predominate ground slopes within the subdivision greater than 10 percent.
- The plat shall be drawn to a scale of not less than one inch equals 100 feet & indicate the base of bearing true north.
- The developer's detailed plan for protecting future residents of his development from such hazards as open ditches, canals or waterways, nonaccess streets, open reservoirs or bodies of water, railroad rights-of-way and other such features of a potentially hazardous nature located on, crossing, contiguous or near to the property being subdivided, with the exception that the developer's plan need not cover those features which the Planning Commission determines would not be a hazard to life and/or where the conforming structure designed to protect the future residents would itself create a hazard to the safety of the public. The foregoing does not relieve the developer of the duty to investigate all possible means of protecting future residents from a potential hazard before a determination is made that the only conceivable means of protection is potentially more hazardous than the hazard itself.
- Location of existing and proposed land drains.

Specified infrastructure requirements can be found in the Syracuse City Municipal Code Title VIII. Please visit www.syracuseut.com for further details.

Each set of plans shall be accompanied by a separate sheet of details for structures which are to be constructed. All structures shall be designed in accordance with minimum requirements established by the Syracuse City subdivision standards.

I hereby certify that the requested Subdivision would comply with all required conditions and standards of the Syracuse City Land Use Ordinance, be harmonious with neighboring uses, fit the goals of the community's General Plan, and impose no insatiable demands for public services. I read the Syracuse Subdivision and Land Use Ordinances and understand that submitting this application does not guarantee approval and is subject to the discretion of the City Land Use Authority and compliance with all requirements of Syracuse City's Municipal Code. I hereby accept responsibility for meeting all requirements outlined herein, including payment of all fees and attending City Land Use Authority meetings as notified by the Community Development Department, and understand that failure to do so may result in postponement of action by said Authority. I also understand that approval shall not relieve me of the responsibility to comply with applicable local and State zoning, health, building, or fire regulations.
