Commissioner Jensen – I would like to say that we see Item #2 for Work Session on the next regular agenda.

Commissioner Hellewell – Any department business?

Planner Schow – We have three applications for three new subdivisions today. We had one last week and you will see four subdivisions for next meeting. We also need to move along the water shares; we are holding up Mr. Hansen. Have you all read the information that was submitted in your packet this time?

Commissioner Bodrero – Yes, we are all familiar with that from the changes with the last work session.

Attorney Carlson – If anyone has any concerns based on the information in the packet, please email me before the next meeting so that I can make the appropriate changes beforehand.
